

RESOLUTION COMMENDING PRESIDENT TRUMP FOR HIS LEADERSHIP ON ENERGY INDEPENDENCE

WHEREAS, President Donald J. Trump knows the United States has been blessed with an abundance of natural resources;

WHEREAS, President Trump's administration has wisely conducted an "all of the above" energy policy that guarantees every American benefits from the production and use of these national treasures;

WHEREAS, President Trump has done more than any previous administration to ensure that clean, affordable natural gas plays a critical role in America's economic renaissance; and

WHEREAS, To secure the future prosperity of our nation, the president must have allies in Congress and state governments committed to energy independence; therefore, be it

RESOLVED, That the Republican National Committee (RNC) commends President Trump for implementing policies that increase energy production and advance energy independence.
